1. Compliant with both Universal Serial Bus Specification Revision 2.0 (Data Rate 1.5/ 12/ 480 Mbps) and Revision 1.1 specification.
2. Bus-power and self-power mode used.
3. Includes 1 upstream and 7 downstream USB ports.
4. 1 LED indicator for power-on LED.
5. 7 LED indicators for downstream port status.
6. Plug and play.
7. Over-current detection and protection.
8. Connects up to 127 USB devices.
9. OS driver support: Win98SE/Win ME /Win 2000/Win XP & Mac 10.1 and up.
10. Plug and play.

Specification

Ports

Seven downstream port and one upstream port

Compliance

FCC regulations for home or office use CE emissions

Power

Self Power: 5V 4.0A
Adapter: Input: 100~240v 50Hz~60Hz
Output: 5V 4.0A

Dimensions

3.94" (L) x 2.36" (W) x .95" (H)
10cm (L) x 6cm (W) x 2.5cm (H)

Weight

3.81oz /108g

Storage Temperature

-10~80 C

Working Temperature

0~40 C

Supported O.S.

Functions O.S.	USB 2.0 7-Port HUB	
	USB 1.1	USB 2.0
Win 98se	Built in OS	Follow USB 2.0 system driver
Win ME	Built in OS	Follow USB 2.0 system driver
Win 2000	Built in OS	Follow USB 2.0 system driver
Win XP	Built in OS	Follow USB 2.0 system driver
Mac	Built in OS	Follow USB 2.0 system driver

NOTE:

1. If you connect USB 2.0 devices from this hub to a PC or Mac OS that does not support USB 2.0, please install USB 2.0 drivers provided by the USB 2.0 device manufacturer
2. This hub doesn't support Hi-Power device at bus power mode, please add an adapter as necessary.

Hardware Installation

Thank your for purchasing SMCUSBH7 EZ Connect™ USB 2.0 7-Port Hub. SMCUSBH7 is a plug and play full featured external Universal Serial Bus Hub. It allows your computer to connect to other USB interfaces such as joy-sticks, modem, digital speakers, printers, digital cameras, monitors, key-boards, mouse, storage devices, and many other USB devices. Moreover, this unique hub is designed for space-saving functions.

1. Plug the included AC power adapter into the power jack at the rear of the USB 7 port hub and an electrical outlet.
- 2.Connect to computer by using included USB cable. Connect A type connector to the computer and connect B type to the USB hub's upstream port (B type connection)
- 3.Connects USB devices or hubs to the 7 port hub's downstream 1 ~ 7 ports (A type).

You can place the SMCUSBH7 either vertically or horizontally with the stand which is provided. You can also fasten it to a surface using screws (screws not provided). Additionally, the SMCUSBH7 hubs can be stacked together.

A. Vertically

Push the USB Hub from A all the way down until you meet the stopper. (Refer to Figure 1)

Push the USB Hub all the way in until you hear a click. There is a track on both the top and the bottom so you can put it either way depending on your needs. (Refer to Figure 2)

Figure 1

Figure 2

B. Horizontally

Have the hole of the stand facing up and push the clipper to the hole of the hub between the stand-off. Make sure you here a click. You could push the stand in from the left or the right. (Refer to Figure 3)

C. Fastening to a surface

Secure the stand to the desk and fasten the screws on both side of the stand. (Package does not include screws for fastening the hub to a surface)

Slide the USB Hub into the stand, the same way as the vertically and horizontally placed hubs. (Refer to Figure 4)

Figure 3

Figure 4

D. Stacking

USB 7-port hubs also can be stacked together.

Slide the hubs in a stack. Face them in a same direction. (Refer to Figure 5)

Slide the hubs inward until you hear a click.

Do not stack hubs in opposite directions.
